Subject: Endorsement Survey: Revision of Cisco CTANs

Background Information: Information Technology is an ever changing and rapidly growing field. Recently, Cisco updated their program to consist of three courses instead of the previous four courses. Due to this update and to keep current in this field, postsecondary faculty reviewed the existing learning outcomes and the revised Cisco courses. They updated the learning outcomes to better reflect the new class structure.

What We Need from You: This memo addresses the need for statewide endorsement of the revised learning outcomes for the Cisco CTANs. Please arrange to have an appropriate faculty at your institution complete the survey as soon as possible **but no later than Friday, February 26th**. We are collecting **only one representative** response per institution.

A copy of the updated learning outcomes, as well as the previous learning outcomes are attached for reference. Hamid Abdollahian at Cuyahoga Community College serves as our lead faculty expert for the revision of these CTANs.

The online survey is available through the following link:

<https://www.surveymonkey.com/r/MJZY6GQ>

The attached PDF of the survey is for reference only. Please use the included link to complete the survey. Thank you for your assistance with this important matter. If you have any questions regarding this survey, please contact Kristi Conrad, Senior Associate Director of SCTAI, at kconrad@highered.ohio.gov.
